OBJECTIVE: DATA ANALYST

Former Graphic Designer & Operations Manager transitioning into a **Data Analyst** role. Looking to take advantage of my skills in graphic design over 5 years of experience for more effective and efficient data visualizations and communications.

Key skills include:

Data Visualization and Modeling

- Proficient in using Tableau for creating data visualizations and models.

Communication

- Skilled in creating visualization that displays the findings in a way that non-technical users can comprehend.

CERTIFICATIONS

- **University of California, Irvine – Division of Continuing Education – Data Science Certificate (2021)**
(8 months, 150 hours of evaluated learning) **(4.0 GPA)**

TECHNICAL SKILLS

- **Data Science : Tableau, Python, SQL, KNIME, RapidMiner and Excel.**
- **Graphic Design : Photoshop, Illustrator, and InDesign.**
